SUMMARY OF QUALIFICATIONS

- Goal-oriented, self-disciplined, coachable, adaptable, and open to new challenges.
- Proficient in coding languages, like Python, C, C++, MatLab, and JavaScript

EDUCATION

Northern Arizona University, Flagstaff, AZ (2022 - Present)

Mechanical Engineering and Computer Science Dual Major

- Earned NAU Lumberjack Scholarship
- 3.95 GPA and Class of 2026
- Dean's List (2022 - Present)

Relevant Coursework

Mechanical Engineering

- Computer-Aided Design
- Mechanics of Material
- Thermodynamics I & II
- Fluid Mechanics I

Computer Science

- Data Structures
- Web Programming I & II
- Database Systems
- Software Engineering

EXPERIENCE

Uncertainty Quantification, Learning, Interface, and Design (UQLID) Lab, Flagstaff, AZ (Aug 2024 - Present)

Intern

- Optimization for fracture resistance
- Establish new probabilistic data-driven paradigms to efficiently develop and validate models

Roof Doctors, AZ (Summer 2024)

Claims Manager

- Canvassing for self-generated leads in designated territories
- Running daily appointments with potential clients
- Conducting roof inspections and measurements as needed
- Handling electronic paperwork related to sales transactions

Self-Employed, Tempe, AZ (May 2020 - June 2024)

Handyman

Neighborhood Manual Laborer

- Pool maintenance
- Landscaping
- Car detailing
- Accessory installation

Arizona Window and Door Store, Scottsdale, AZ (Summer 2023)

Accts Payable Data Entry

- Created software to simplify payroll tax data collection

COMPUTER SKILLS

- Mechanical Engineering: MatLab, SolidWorks, and Arduino
- Computer Science: Python, C, C++, JavaScript, React.js, Node.js, and HTML
